SPECIMEN TRANSFER FROM RTL AND MEDICAL DATA RELEASE AUTHORIZATION

The undersigned client depositor(s) request(s) the transfer of their reproductive tissue specimens from ReproTech Ltd. (RTL) to the physician/clinic/"facility" listed below in accordance with RTL's current policies and procedures. It is understood that the facility acknowledges this request and will accept the transfer of the reproductive tissue specimens. Furthermore, it is recognized by the client depositor(s) that events beyond the control of RTL and the facility may occur during transfer and it is understood by all parties that neither the facility nor RTL are responsible for any losses in connection with or related to the shipment of the reproductive tissue specimens.

I (we) hereby authorize the transfer of my (our) reproductive tissue specimens; (1) from RTL to the facility for continued storage, research, or therapeutic use. I (we) understand that RTL and the facility can neither verify nor guarantee the viability of the transferred reproductive tissue specimens being placed into storage at the facility.

I (we) agree to hold RTL harmless for any claims for damage to the reproductive tissue specimens arising from acts or omissions prior to RTL's possession of such specimens.

I (we) agree that RTL shall not be liable for errors, including, specimen labeling errors, which occur prior to RTL's acceptance of the specimens for storage.

I (we) have read and understand the policies above and hereby authorize RTL to release my (our) reproductive tissue specimens to the facility.

I (we) authorize RTL to release to the facility medical data, including but not limited to: Personal biographical data, serology/virology testing data and specimen processing/cryopreservation data. This includes information about human immunodeficiency virus-HIV, acquired immunodeficiency syndrome-AIDS, and AIDS related complex-ARC, as defined by Department of Community Health rules (1989 Public Act 174).

Type of tissue to be transferred from RTL

Mark which type(s) of reproductive tissue(s) you want to be transferred from RTL to the facility:

- Embryo Sperm Testicular Tissue Oocytes Ovarian Tissue
 Donor Embryo Donor Semen Donor Eggs Other: _____

If the transfer involves donor gametes or embryos created from donor gametes, recipient understands that RTL has recommended that the facility which originally provided the donor gametes be contacted prior to initiating a new pregnancy to obtain any updated information regarding any genetic or medical conditions which may have been reported since the purchase of the donor gametes and which may have an adverse effect on the pregnancy, recipient and/or offspring.

Reason for the transfer from RTL

Mark your reason for transferring your reproductive tissue(s) from RTL the facility:

- Research Continued Storage Therapeutic Use Testing

Name/Address/Phone of the Receiving Facility

Facility Name _____
Address _____
Phone: (____) ____ - _____

For Specimens Being Transported by RTL Staff: Please Note — ReproTech automatically provides Specimen Shipping Liability Protection when transportation is provided by RTL staff.

For Specimens Being Transported by 3rd Party: The following section is to be completed if specimens are to be shipped or in the event specimens cannot be part of a regular transfer by RTL staff.

Client Depositors have several options to mitigate the risks inherent in the shipment of reproductive tissue, including the use of two shipping tanks and the purchase of optional Specimen Shipping Liability Protection. The majority of shipments are sent by United Parcel Service (UPS). I/We have reviewed the recommended Specimen Shipping Liability Protection information (page 3) and made my/our selection on page 2.

Specimen Shipping Liability Protection

ReproTech Limited, the leader in long term storage of reproductive tissues, offers a specimen shipping protection program available exclusively to our clients. While every precaution and effort is taken to ensure safe and timely delivery of specimens, shipping accidents can happen. **Specimen Shipping Liability Protection** provides an inexpensive solution to help minimize the financial impact of an adverse event during shipping.

Protection for:

- Compromised specimens due to damaged or destroyed shipping tanks*
- Compromised specimens due to dramatic change in temperature*

* If protection is purchased and a claim is filed, actual policy terms and conditions will apply; protection begins once received by designated shipping carrier and ends once received at final destination.

The following affordable coverage option is available if selected at the time of Specimen Transfer Authorization:

Specimen Shipping Liability Protection will pay for out-of-pocket expenses associated with the replacement cost of lost or damaged reproductive tissue, up to a total cost not to exceed \$35,000.00. It is understood and agreed that in the event a second procedure is not possible, this protection plan would reimburse for the cost of the original procedure, up to the limit provided, and not to exceed the actual cost of the original procedure.

Total charge of \$50.00

Fees are subject to change.

ReproTech can neither verify nor guarantee the viability of the specimens being shipped.
